Residents are welcome to keep their own General Practitioner, as long as they are able to visit the home when necessary, alternatively we can arrange registration with a local GP.

We have weekly visits from a Physiotherapist who works with the residents to improve mobility based on their needs and individual care plans. We also have regular visits from a Chiropodist and a Hairdresser.

Our chefs work hard to create delicious meals that also meet the various nutritional needs of our residents. We rotate our menus seasonally, making the most of fresh seasonal produce, and involve our residents in planning the menus to include the kind of meals they enjoy. As well as three hot meals a day, alternative lighter options, fruits, refreshments and snacks are available.

Our competitive fees are based on the care needs of the individual and accommodation selected for the resident. Fees include full nursing care, meals, physiotherapy and laundry. Current fees will be advised at the time of your visit depending on available rooms.
