"Just when we were at the end of our tether Robertson Nursing Home staff appeared as if by magic, and I don't say that lightly. Without a doubt, Robertson made the difference between worrying every single day about my father's situation, to knowing he was in the most competent of hands, cared for with respect and great compassion."

Residents at Robertson Nursing Home benefit from a varied programme of activities and entertainment, all facilitated by our dedicated activities team and supported by several external organisations. Activities are planned to cater to a range of abilities, with something to appeal to everyone's individual taste. Our activities provide cognitive stimulation, encourage socialisation and are all designed to benefit the wellbeing of the residents.
